

Lesly Marisol, 2½, Guatemala

## Lesly Marisol

In Guatemala, 2½ -year-old Lesly Marisol weighs just 16 pounds, her severely malnourished little body susceptible to treatable illnesses like colds and fevers.

Unless she receives the lifesaving food and medicine that she so desperately needs, Lesly Marisol is at risk of becoming a tragic statistic.

Your gifts to Food For The Poor provide precious little ones like Lesly Marisol access to the food and medicine that can save their lives.
